Rafael,

Please see the attached Application and Certification of Conformity for the model 1269E.

Due to large report files size, OMNI has set up an FTP site to transfer the reports to you. Please see below for instructions on how to access the report.

In order for you to download the report, copy the address below into the address bar of your Windows Explorer window, for example open "My Documents" and use the address bar at the top. Do <u>NOT</u> use Internet Explorer, Chrome, Firefox, etc.:

You will then be prompted for a user name and password. These are shown below:

User name:

Password:

You will now have access to the ▮▮▮▮ folder. Please copy the file from our FTP folder and place it on your computer. **Contact me via e-mail to let me know when you've finished**, since I do not get any notification that you have accessed the FTP site. This password is temporary, so please transfer as soon as possible. If you have any issues, feel free to contact me.

I hope all is well.

Thanks,

Brandon Barry
